ArtInThePearl.com

Founded in 1996, Portland's annual **Art In The Pearl Fine Arts & Crafts Festival** was created to showcase the highest quality of art and craft. Each year, approximately 500 internationally recognized artists apply, competing through a rigorous jury selection process for just 145 booth spaces in the city's North Park Blocks.

The festival features a stunning selection of contemporary artworks across all mediums, where accomplished artists are on hand to engage with visitors, making this a unique opportunity for the public to meet the artists, learn more about their creative process and acquire the finest of art and craft.

Consistently ranked among the top art shows in the United States, Art In The Pearl also fosters the next generation of talent through its Emerging Artist program. The festival's commitment to arts education is evident in the Artist Demonstrations Area and the interactive "Hands On" Art Pavilion, offering enriching experiences for all ages.

Produced annually by a dedicated volunteer board of working artists, Art In The Pearl is one of the few major national art festivals created by artists, for artists. We remain committed to community engagement through art, education, and entertainment.

Thank you for being a part of our 30th anniversary celebration of creativity!
